

12 November 2021

Dear resident / business owner

Sunbury Road Upgrade: upcoming works

We're upgrading Sunbury Road to improve local connections and keep you moving safely. We're adding extra lanes on Sunbury Road between Powlett Street and Bulla-Diggers Rest Road to improve journey reliability and safety for the 25,000 people who use the road every day.

What we're doing

From **mid-November to mid-December**, we'll work at the entrance to the Hi-Quality Sunbury Eco-Hub (570 Sunbury Road) to upgrade the road surface and improve safety for all motorists.

We'll build new pavement, drainage, and relocate essential utility services to upgrade the driveway for trucks entering and exiting this site, preventing mud and dirt being carried on to Sunbury Road.

We're working with other Big Build projects and businesses operating in the area to coordinate activities and minimise disruptions wherever possible.

Most of this work will take place on weekends, during off-peak times and some nights between **7pm** and **6am**.

Hi-Quality Sunbury Eco-Hub works

The Hi-Quality **Sunbury Eco-Hub** is introducing temporary traffic lights at the entrance to its facility which will remain in place until the permanent traffic signals are installed. Their works will involve laying traffic light cables, installing temporary traffic lights and poles, and resurfacing a small section of Sunbury Road.

What to expect

During both of these works there will be, at times:

- lane closures and speed reductions,
- some 24/7 works carried out over three weekends
- noise from equipment and heavy machinery such as excavators and trucks
- possible vibration and dust which we'll closely monitor to ensure they're kept to a minimum

Please observe the signs for information about speed reductions and temporary traffic changes.

If you have any concerns about the potential impacts from these works, please contact us to discuss how we can help.

Health and safety

Works are continuing safely on the Sunbury Road Upgrade with COVID Safe plans in place to help protect workers and the community. Strict processes are in place to check and record the vaccination status of workers entering construction sites. For more information about coronavirus COVID-19, please visit coronavirus.vic.gov.au

Keeping you informed

We'll continue to provide regular updates to let you know about upcoming works. For more information on the Sunbury Road Upgrade, or to sign up for email and SMS updates visit roadprojects.vic.gov.au/subscribe.

If you have any questions, please contact us on 1800 105 105 (24 hours a day, 7 days a week) and select option 5 to speak to a member of our team.

We appreciate your patience and understanding throughout these works.
